OVER 1000 MOULDING PROFILES IN STOCK

Garden State Lumber Products stocks over 1,000 moulding profiles in several different substrates and species of wood, including primed FJ pine, primed ultralite MDF, solid ponderosa pine, PVC, etc. We have created our own unique profiles and collections which include the Metro Collection, the Designer Collection, the Estate Series, the Prestige Line, and the Hardwoods Collection. These collections offer an expansive variety of design detail and flexibility. You can find all of our mouldings in our Full line moulding catalog and online at our website www.GardenStateLumber.com. There you will also find tools to inspire and help your customers find just the right moulding design detail for their project.

CUSTOM ARCHES & ARCHITECTURAL ACCENTS

Garden State Lumber and Hinchman Architectural Millwork have come together to bring you our newest offering of custom millwork products. Whether trimming your basic arched opening or tackling the most complex of architectural styles, we can accommodate the most elaborate fabrications your imagination can create.

THE METRO COLLECTION

TIMELESSLY MODERN MOULDINGS

The METRO COLLECTION was comprised with a focus on simple sophistication for a modern world. With an emphasis on straight line detail, beveled corners, symmetrical grooves and sweeping curves, our profiles can be mixed and matched to achieve an endless array of design detail. Manufactured from the highest-quality finger joint Radiata pine substrate and coated with our new proprietary 3-coat bright white primer, THE METRO COLLECTION is the next step into a new world of moulding design.

The DESIGNER COLLECTION

PRIMED POPLAR MOULDINGS

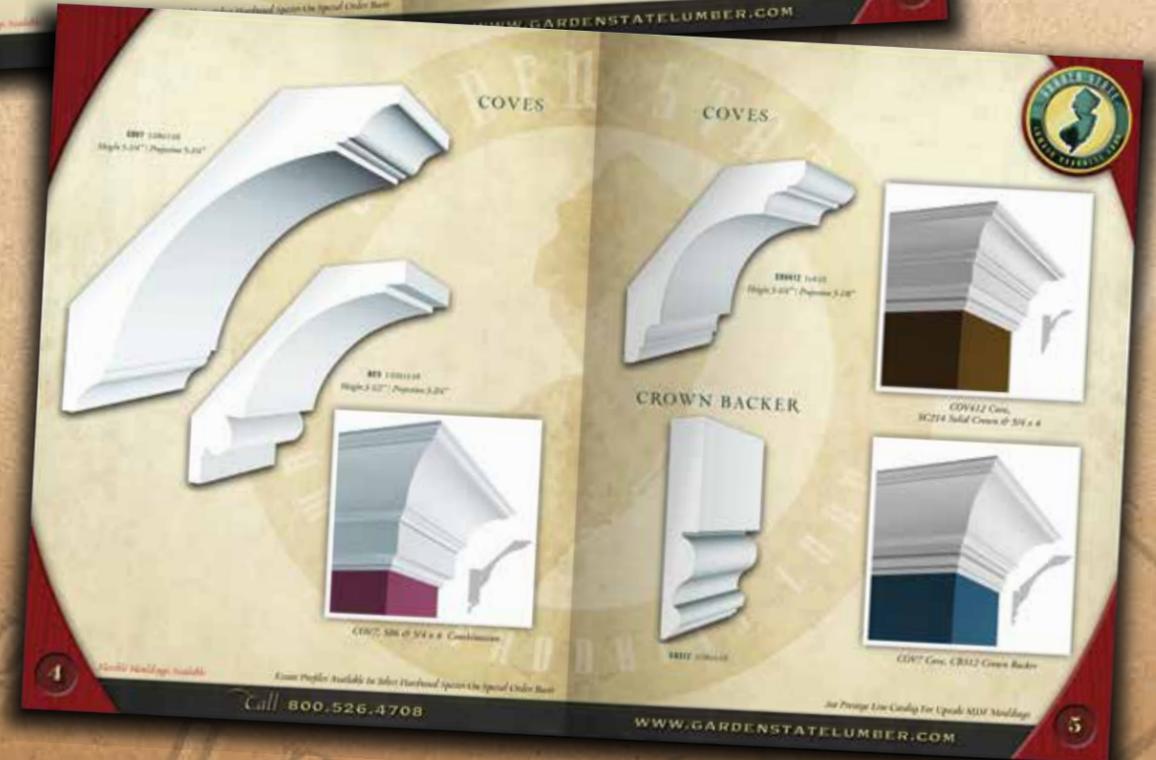

There is a crossroads where sophistication of moulding design intersects with the highest-quality material and millwork craftsmanship. It is in this space that The DESIGNER COLLECTION was born... The DESIGNER COLLECTION is a compilation of 24 distinct profiles that are as substantial in size as they are in the design possibilities they offer. Comprised of the highest grade FJ poplar substrate and coated with our proprietary 4 step priming system, The DESIGNER COLLECTION is meticulously manufactured to be the highest-quality moulding product available in the market today.

The ESTATE SERIES

THE ESTATE SERIES is a unique collection of our most sought after and architecturally specified primed FJ pine profiles. By combining traditional style that has withstood the test of time with our own blend of newer, more modern design detail, we have created a grouping that can easily excite the imagination of the most discerning architectural eye.

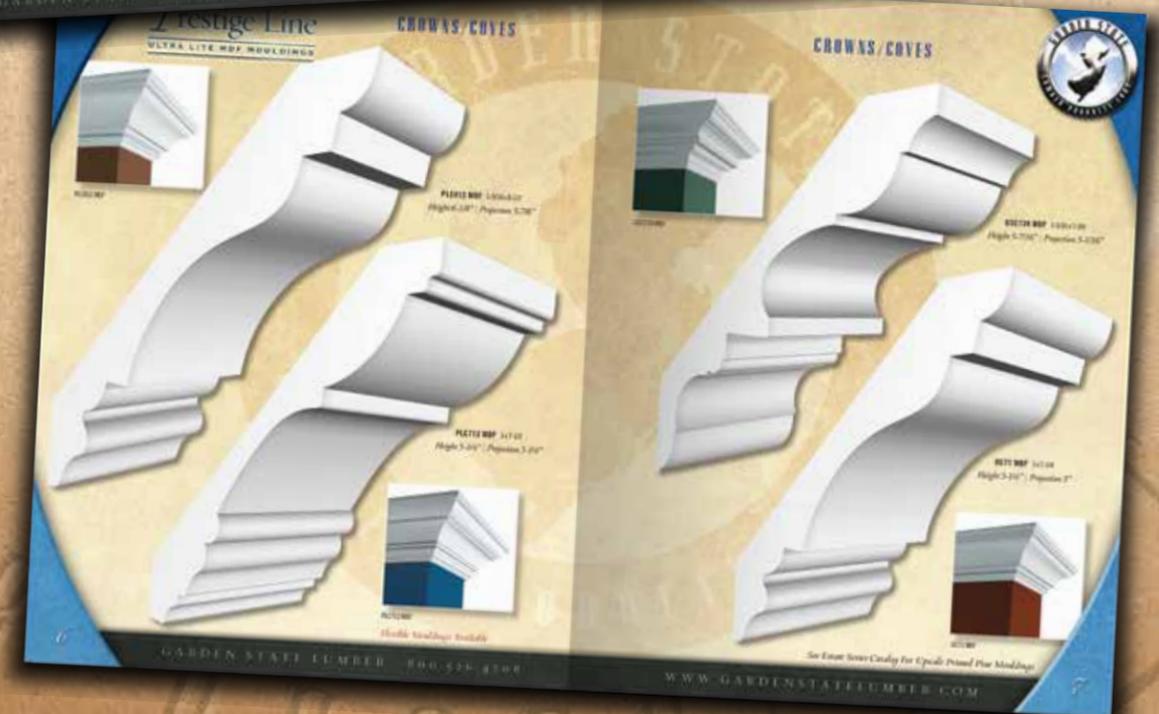

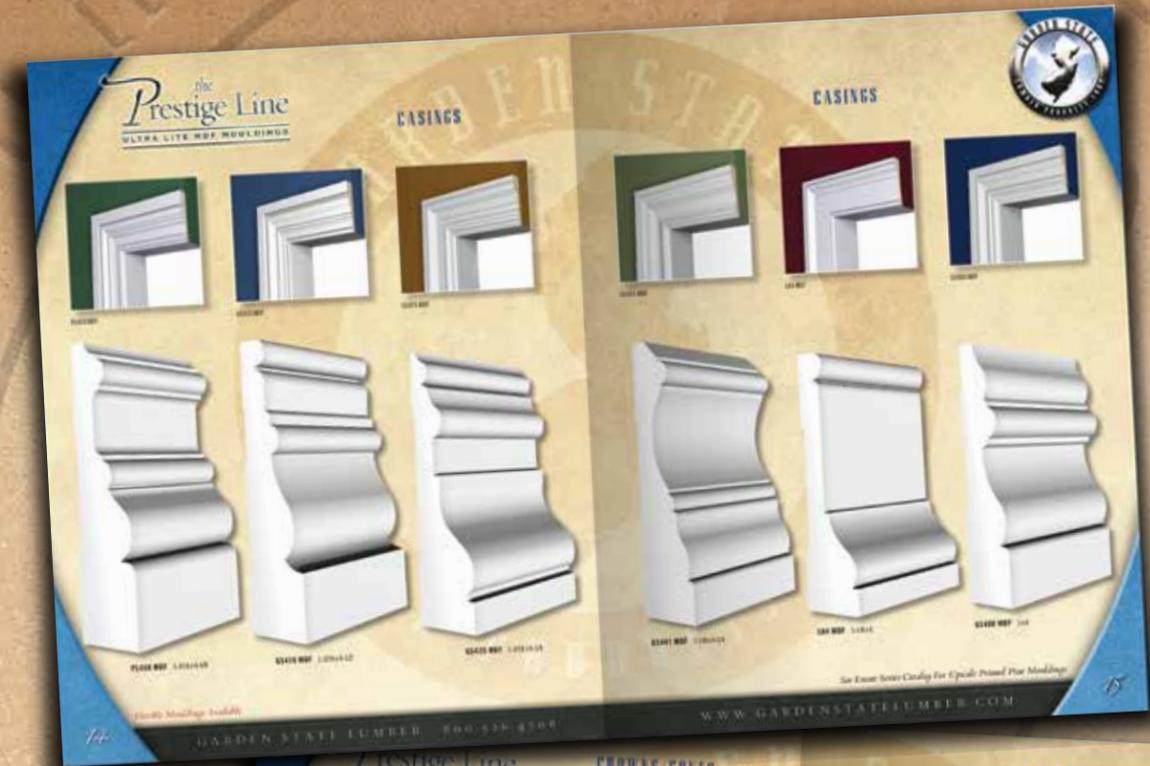

the Prestige Line

ULTRA LITE MDF MOULDINGS

THE PRESTIGE LINE is our elegant offering of primed MDF profiles. With a wide range of both style and size, THE PRESTIGE LINE is sure to enhance the decor of any home. Our Smooth gesso coat primer applied to the industry's highest-quality ultralite MDF substrate result in sharp millwork detail with an ideal surface for finish painting.

THE Hardwoods COLLECTION

The Garden State Lumber HARDWOODS COLLECTION offers a wide range of profiles available in 5 hardwood species within a short lead time of just 1 week. We can also custom run any Garden State Lumber or custom profile your job calls for in most hardwood species within a 2-3 week time frame. With our full line of in-stock hardwood S4S trimboards and plywoods, as well as our custom arches and architectural accents, we are your one-stop shop for all your hardwood needs.

nantucket® beadboard

Introducing our newest line of beadboard panel and strip products. Garden State Lumber and Nantucket Beadboard have joined forces to offer the nation's widest selection of on-ground beaded panel inventory alongside of all of Nantucket's manufacturing capabilities. With no minimum order requirements and an expansive selection of in stock, quick ship and special order patterns, we are your one-stop shop for all your beaded panel and strip product needs.

SHINGLES, SIDING, & CLAPBOARD

NuCedar Mills' complete exterior cladding system is finely milled from NuCedar Trim cellular PVC and is purposefully engineered to maintain faithful profiles, dimensional accuracy, durability and ease of installation unrivaled in the industry. Having your home the color you want is easier than ever. NuCedar rough sawn shingles, vertical siding and trim products are pre-finished with PPG Aquacron machine-applied UV resistant exterior paint and carry a 25-year warranty.

PVC TRIMBOARDS & SHEET STOCK

Garden State Lumber now stocks NuCedar Trimboards. A full-line PVC S4S program, sealed on all four sides from 1x4 to 5/4x12 in 18' lengths as well as 16 different sizes of sheet stock ranging from 1/4" 4'x8' panels to 1" 4' x 18' panels. Available in smooth and woodgrain. We have a complete line of PVC products to ensure that everything matches when you're on the job. We're also proud to introduce our pre-finished color PVC program. Pre-finish any of our PVC products with any of our color recommendations or any PPG paint color of your choosing with a 25-year warranty.

PVC MOULDINGS

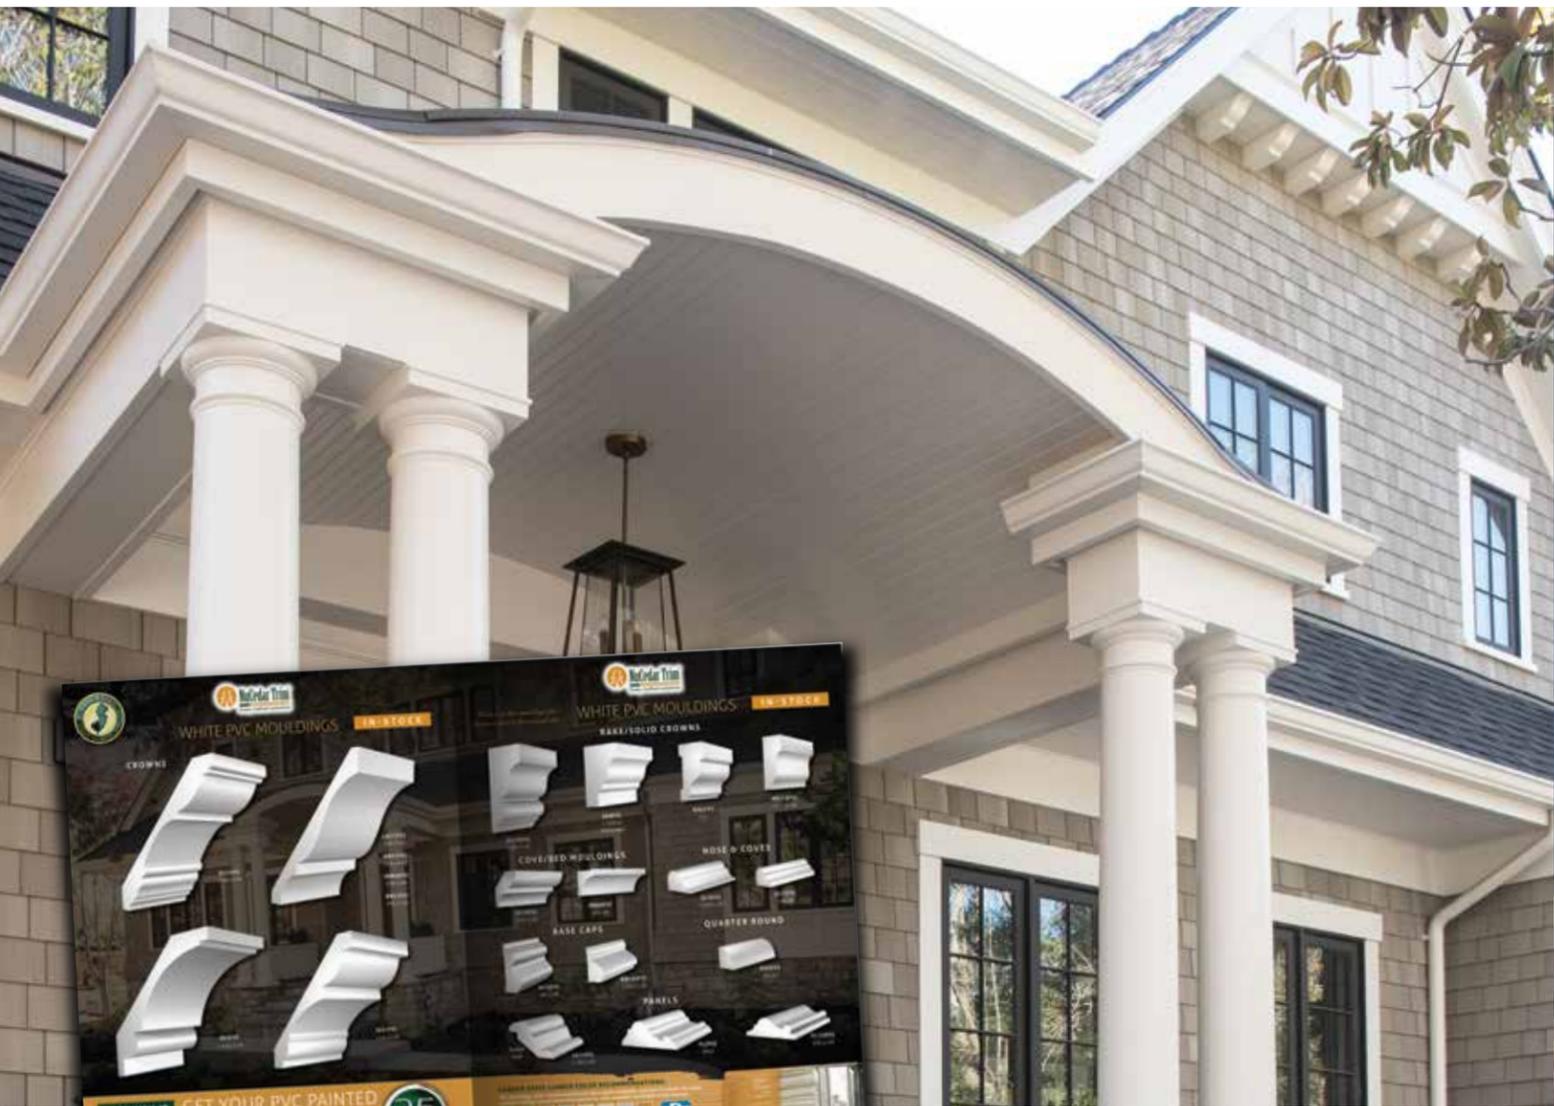

Garden State Lumber stocks a complete line of PVC mouldings. We're also proud to introduce our pre-finished color PVC program. Pre-finish any of our PVC products with any of our color recommendations or any PPG paints color of your choosing with a 25-year warranty. Our pre-finished PVC color program will save your customers time and money while ensuring a top-quality finish.

REFLECTIONS

PVC WINDOW SURROUNDS

The Reflections line is a series of prefabricated custom PVC window surrounds that are sure to enhance the architecture of any home. Constructed using durable, rot-resistant cellular PVC S4S and mouldings, our surrounds are assembled with the highest level of craftsmanship and quality. Featuring 8 distinct styles and offering any custom style or design, our Reflections line is sure to meet all your customers' needs.

S4S TRIMBOARDS

PLATINUM PROTECTED 30-YEAR WARRANTY PRIMED PINE S4S BOARDS

Providing unparalleled protection against rot, fungus, mold, mildew and even termites, PLATINUM PROTECTED stands apart from other trim products for its multi-phase protection process that covers all four sides of the substrate and ensures the ultimate in defense against the natural environment. Merging the industry's highest quality radiata substrate by CMPC Maderas with the expertise of the FrameGuard® Total treatment system and Garden State Lumber's proprietary two-coat priming system, PLATINUM PROTECTED is the new standard for environmentally friendly treated S4S trimboards.

MOULDING CATALOG

Our popular moulding catalog is a centerpiece of the marketing resources we provide to our retailers. Our catalog includes drawings of our over 1,000 moulding profiles and in many cases has pictures of what the mouldings look like when installed. We showcase the unique profiles we have created and have created collections of mouldings that offer an expansive variety of design detail and style. Our catalog also includes every other product we offer including our custom arches and architectural details, Nantucket Beadboard, NuCedar PVC trim and sheet products, NuCedar shingles and siding, PVC window surrounds, melamine sheets and shelving, S4S products and sheet and panel products. The Garden State Lumber Moulding Catalog is well known for how easy it makes selecting the right products for your customers.

DIGITAL RESOURCES

Our website www.GardenStateLumber.com contains all the information found in our moulding catalog and offers even more options for viewing our products. We supply our retailers with interactive price sheets making it simple to estimate any of our products.

DISPLAY BOARDS

Garden State Lumber supplies our retailers with display boards of our mouldings and other products so that your customers can see and feel the quality of the actual materials.

SAMPLE SUITCASES

Garden State Lumber provides suitcases filled with samples of our mouldings and other products. These samples are an invaluable resource for builders and architects.
